

Master U.S. Fake Book Song Index

Compiled by
Joe Waters

November, 2003

Introduction

This index includes songs drawn from 44 different fake books currently available in the United States. All of the books included are shown in the table below. 12,000 songs can be found in this index. The total number of songs in all the books was just under 20,000 so many songs appeared in multiple books. All of the books that include each song are included by the song name using the book abbreviations shown in the table.

Songs are listed alphabetically. Generally, each new letter starts on a separate page.
